Inverted Bucket Steam Trap Module (mounts to Universal Connectors)

| Model | WSIB450, WSIB450H |
|--------------------------------|--|
| Connections | Fits WU450 Series universal connectors |
| Body Material | Stainless Steel |
| PMO Max. Operating Pressure | 450 PSIG* |
| TMO Max. Operating Temperature | 800°F |
| PMA Max. Allowable Pressure | 720 PSIG @ 100°F |
| TMA Max. Allowable Temperature | 800°F @ 400 PSIG |

^{*750°}F @ operating pressures below 400 PSIG. See installation note regarding using trap in superheated applications.

Steam trap modules <u>can be used</u> with other manufacturers' Universal Connectors.

TYPICAL APPLICATIONS

DRIP, TRACER: The **WSIB450** inverted bucket steam trap module, mounted to a universal connector, is typically used for drip and tracing applications. Also used on process equipment with light loads and where air removal is not critical. The WSIB450 trap module mounts to any universal connector.

HOW IT WORKS

The universal connector is permanently installed into the pipeline where the steam trap would normally be placed. The trap module is bolted to the universal connector with two bolts and sealed with a gasket. When a new trap module is needed, it can be easily removed and replaced with a standard open-end or socket wrench without disturbing the existing piping.

SAMPLE SPECIFICATION

The steam trap shall be an all stainless steel modular design, inverted bucket type with a frictionless valve lever assembly. The trap shall have a 360 degree swivel mount on a stainless steel Universal Connector that is available with integral strainer and blowdown valve options.

INSTALLATION & MAINTENANCE

Trap module must be installed in orientation shown. Installation should include isolation valves. With superheated steam, a check valve must be installed at inlet of trap. For full maintenance details, see Installation and Maintenance Manual.

OPTIONS

Universal Connectors are available with an integral strainer and blowdown valve. Connector is purchased separately. See the WU450 Universal Connectors section for more information.

FEATURES

- Trap module can be easily removed and replaced in minutes without having to disconnect any piping
- Hardened stainless steel valves and seat
- Freeze resistant
- Connectors available with integral strainers and blowdown valves
- 360° swivel design for convenient installation

| MATERIALS | |
|-------------------|--|
| Body | Stainless Steel GR CF3 |
| Cover | 304L Stainless Steel |
| Internals | 300 Series Stainless Steel |
| Valve Plug & Seat | 420F Stainless Steel |
| Bolts | ASTM A193 GR B7 |
| Gasket | Spiral-Wound 304 Stainless Steel with Grafoil Filler |
| Swivel Flange | 303 Stainless Steel |
