

Model RT1000 Mini Tap

The Model RT1000 Mini Tap is ideal for running branches under pressure on water, steam and gas lines. With 1" capacity and the ability to drill most pipe materials, the lightweight RT1000 features a corrosion-resistant design guaranteed to last a lifetime.

Model RT1000 Benefits:

- Compact and lightweight design eases tight-quarter and awkward-location jobs.
- Sturdy design and machined construction provide dependable operation in high pressure taps.
- Stainless steel, bronze and aircraft aluminum components provide lifetime operation with minimum maintenance.
- Independent cutter feed and rotation give the user total control of the operation for maximum saw life.
- Ability to drill steel, cast iron, ductile iron and plastic pipe provides unparalleled versatility.
- Coupon-retaining bits capture the slug, preventing system contamination or damage of downstream equipment.

Specifications:

- Tapping Capacity – 3/4" - 1"
- Mounting – Saddle, Welded Nipple, Weld-o-let®, Thread-o-let®
- Activation – Hand Ratchet, Air Ratchet, Right Angle Drill
- Cutter Feed – Rotation of Sleeve Around Threaded Acme Barrel
- Pressure – Water, 200 psig @ 100°F (40°C)
Steam, Air – 100 psig @ 370°F (172°C)
- Collapsed Length – 14"

Standard Equipment

- Model RT1000 Mini Tap Set
- RT1000 Tapping Tool Only
 - 3/4", 1" CTS Adapters
 - Small Shaft Extension
 - Small Saw Arbor
 - 1/4" Coupon Retaining Pilot Bit
 - Ratchet Wrench
 - (2) RIDGID® Spud Wrenches
 - Tool Box
